CERTIFICATIONS

Aptech Learning
2024

Python(Django) | SQL databases

I completed a course in Python (Django) and SQL Databases at Aptech Learning, where I gained practical knowledge of building dynamic web applications and managing databases. The program included hands-on projects that improved my backend development and problem-solving skills, and it gave me the confidence to work on real-world applications.

PROJECTS

Armughan.Dev
2025

PORTFOLIO WEBSITE | PythonAnywhere.com

I completed this website to showcase my skills in it and my personality. I covered it by Django frameworks and Frontend with HTML, CSS and JS.

ZytronaTraders.com
2025 – present

E COMMERCE WEBSITE | Shopify.com

I completed this website for starting my own e commerce business. It's an ecommerce site which sell premium bike accessories with some signature products of my own. Responsive and Smooth design.
